

Meetings

The meetings in this list are all organized by Divisions of EPS (boxed) or sponsored by EPS. Europhysics Study Conferences, described in *Europhysics News* 3 5 (June 1972), are marked by an Θ before the date. It is regretted that, because of the restriction on the amount of space for this section, it is not possible to give details of other meetings about which EPS has been notified. However, a full list of events is available in the Meetings Issue of *Europhysics News* 3 5 (June 1972).

The order of information is: date, title, venue, and contact for information.
