

University of Strasbourg

Physics Department

ASSOCIATE PROFESSORSHIP

A tenured position is likely to become vacant in October 1986 in the field of theoretical nuclear physics.

Applications are invited for candidates having a prior experience and a strong commitment to teaching fundamental courses at the graduate and undergraduate levels (fluent french required).

Preference will be given to a physicist with experience in the field of nuclear structure and heavy ion theory and phenomenology. The candidate is expected to develop a close collaboration with experimental groups working on the 18 MV tandem accelerator and the future 35 MV Vivitron facility of the Centre de Recherches Nucléaires in Strasbourg.

Interested persons should soon contact:

Prof. J.C. Sens, CRN, 23 rue du Loess, F-67037 Strasbourg Cedex

UNIVERSITÉ DE GENÈVE

Le Département de Physique Théorique de la Faculté des Sciences ouvre une inscription pour un poste de

MAÎTRE D'ENSEIGNEMENT ET DE RECHERCHE

Fonction à plein temps exigeant un doctorat ou titre équivalent. Enseignement (minim. 2 heures) et recherche en théorie des champs et des particules. Tâches d'organisation.

Entrée en fonction: 1^{er} octobre 1987 ou à convenir.

Pour information et inscription, prière de s'adresser avant le 15 juillet 1986 au:

Prof. C.P. Enz, Directeur du Département de Physique théorique, 24, quai E.-Ansermet, CH - 1211 Genève 4.

UNIVERSITY OF LIVERPOOL

Chair of Experimental Physics

Applications are invited for the Chair of Experimental Physics which will become vacant in June 1986, on the retirement of Professor L.L. Green.

The Department of Physics has an established reputation in the fields of Nuclear Structure Physics, High Energy Physics and Solid State Physics. Applications are invited from suitable candidates with particular interests in the field of Nuclear Physics.

The salary will be within the range approved for non-clinical professorial salaries, currently not less than £ 19918 per annum (under review).

Applications, together with the names of three referees should be received not later than 31 August, 1986, by:

The Registrar, The University, P.O. Box 147, Liverpool L69 3BX,

from whom further particulars may be obtained.

Hewlett-Packard 1987 Europhysics Prize

Proposals for candidates to be considered for the 1987 Hewlett-Packard Europhysics Prize are now invited. The prize is awarded for an outstanding contribution to condensed matter physics completed in the past five years. Proposals should relate to work leading to advances in the fields of electronic, electrical or materials engineering. They may be submitted by EPS Members as individuals, or as representative of a Division or Section. They should include:

- a clear definition of the work;
- a short biography of the candidate;
- a list of relevant publications.

Details should be sent to the Selection Committee, c/o EPS Secretariat to arrive not later than the end of August. All information will be treated as strictly confidential.

A.M. Delegates

The new delegates of the Associate Members are given on page 77.

Astrophysics Commission

The International Union of Pure and Applied Physics (IUPAP) has established a new Commission No. 19 on Astrophysics to foster interactions between physicists and astrophysicists. In particular IUPAP sponsorship of joint meetings may be applied for through the Secretary of Commission 19;

Prof. P. Maltby,
Institute of Theoretical Astrophysics,
POB 1029, N-0315 Oslo 3.

Applications should normally be received before the end of April of the year preceding the year of the conference.

EPS Divisions, Sections and Group

Astronomy and Astrophysics Division
Solar Physics Section
Atomic and Molecular Physics Division
Atomic Spectroscopy Section
Chemical Physics
Electronic and Atomic Collisions
Molecular Physics
Computational Physics Group
Condensed Matter Division
Liquids Section
Low Temperature Physics Section
Macromolecular Physics
Magnetism
Metal Physics
Semiconductors and Insulators
Surfaces and Interfaces
High Energy & Particle Physics Division
Interdiv. Group on Exptl. Phys. Control Systems
Interdiv. Group on Physics for Development
Nuclear Physics Division
Optics Division
Plasma Physics Division
Quantum Electronics Division

Europhysics News is the official journal of the European Physical Society which comprises 29 National Societies, Academies and Group, about 4000 Individual Members and 70 Associate Members. Governing bodies of EPS are the General Meeting, Council and an elected Executive Committee responsible for detailed policy. EPS promotes the collaboration of physicists throughout Europe, organising and harmonising conferences and publications, improving physics education, encouraging physics applications, awarding scholarships to sponsored schools in Erice. EPS publishes in addition to *Europhys. News*, *Europhysics Letters* (in partnership with national societies), *European Journal of Physics* (in partnership with The UK Inst. of Phys.), *Europhys. Conf. Abs.*, *Europhys. Ed. News*. Individual Members receive *Europhys. News* free of charge (price to insts.: Sw.Fr. 90.-/a), *Europhys. Lett.* at Sw.Fr. 55.-/a (insts. 550.-), rebates on many other publications and on conference fees. Annual EPS membership fee for Individual Members belonging to an EPS member society is: Sw.Fr. 44.-; independent members: Sw.Fr. 132.-; members of a Collaborating Society: Sw.Fr. 55.- (\$ 26).
